

We've Been Waiting for You!

We are the adults who were in foster care during our childhood/youth.

We know what it's like to face the world, often without the support that usually comes from a family.

We are your forever community.

We are here for you.

We are **Foster Care Alumni of America**

If you feel the need to belong to a community that understands you...

If you worry about the next generation currently in Foster Care...

If you want to have your voice heard on issues of foster care practice and policy...

If you want to make a difference in someone else's life, someone with experience similar to your own...

If you want to be part of the only national association created by and for adults who experienced foster care...

If you want to be part of the solution...
